

**Mr. Scott Coale** is currently Vice President of the Defense Services Division for Modern Technology Solutions, Inc. (MTSI).

He directs the activities of a 250-person division providing engineering and technical services to the U.S. Air Force, Navy, various defense agencies, and Combatant Command staffs.

Scott has a dual responsibility as the MTSI Site Lead for the Dayton, Ohio office.

Prior to joining MTSI, Scott served 26 years in the United States Air Force as a commander, acquisition program manager, Pentagon staff officer, and flight test engineer.

In his last two Air Force assignments, he served as Vice Commander of Air Force Research Laboratory and as Reconnaissance Systems Wing Commander at Aeronautical Systems Center.

Scott has over ten years of experience working with unmanned aircraft systems, including an assignment as Program Director for the Global Hawk System.

Among his MTSI duties, he has supported the Office of the Secretary of Defense in developing, authoring, and producing the Department of Defense Unmanned Systems Integrated Roadmap.
